EXPERIENCE

Web Development Intern
Lets Grow More

📅 March 2023 – Aprill 2023   📍 Remote

- worked with Html,CSS and Java Script .
- Created a To-Do-List Web app using HTML, CSS, and JavaScript.
- Created a Student Registration form using HTML, CSS, and JavaScript

PROJECTS

Weather Application (html,css ,javaScript And Open Weather API)
Self Learning

📅 january 2024   📍

- The Weather App is a Web Application that Fetches the Real-Time Weather Data From the OpenWeatherAPI and present it to the user in a User-Friendly User Interface.
- It displays the Current Weather Conditions including Temperature, Humidity , Wind Speed and Weather Description.
- Responsive Web-Design to Ensure a seamless experience across devices

TASK-TRACKER using Django
Self Learning

📅 September 2023   📍

- The "Task Tracker" is a Django-based to-do application with robust user authentication and authorization. Each user has their personalized task list, securely stored in a database, ensuring efficient and private task management.
- Users can effortlessly create, update, and manage their tasks, with each task being exclusive to its owner. This personalization ensures that users have full control over their task lists.

ACHIEVEMENTS

- got 2nd rank and Price in College coding contest in CODEWARS
- Consistently achieving a CGPA above 9 for the past 3 years in college
- Solved more than 370+ Coding Problems on coding Platforms such as leetcode , codechef , hackerrank
- Runner up at University Level football matches in Saswad

CERTIFICATIONS

- Programming with C and C++ from Internshala (08/01/2022)
- SQL-self paced From GeeksForGeeks

EDUCATION

BE in Computer Science
PARVATIBAI GENBA MOZE COLLEGE OF ENGINEERING WAGHOLI, PUNE

📅 FEBRUARY 2021 – Present

1st Year	CGPA: 9.00
2nd Year	CGPA: 9.14
3rd Year	CGPA: 9.14

Class XII
Janata vidya mandir college of science ,commerce and arts, ghodegaon

📅 FEBRUARY 2020   64.95%

Class X
Sharad Chandraji Pawar Madhyamic Vidyalay Dimbhe kh

📅 MARCH 2018   90.20%

SKILLS

Python | MySQL | HTML | css
Java Script | Git/Github
Django Framework | C++
Web-Development
Data Structures and Algorithms
Visual Studio Code

COURSEWORK

- Data Structures and Algorithms
- Object- Oriented Programming
- Python
- Django framework
- MySQL
- Database Management Systems

SOFT SKILLS

- Have a good team work spirit and can easily communicate with others.
- Ability to Analyze the critical situations and act Accordingly
- have a creative mindset with a knack for generating innovative ideas and solutions.
- Ability to Analyze the critical situations and act Accordingly
